

GovGrant - the right partner to strengthen your team

GovGrant is here to make sure that innovation is recognised and receives the full range of available government funding. Our expertise can help your clients claim R&D, Patent Box and capital allowances tax relief.

GovGrant can work with accountancy firms in different ways under different arrangements – one size certainly does not fit all. We will work with you to tailor our offering, giving you the comfort you want and additional resources you need.

GovGrant has a proven track record and works with thousands of accountancy firms in the UK. We can maximise the value you give to your clients and we only focus on what you need us to.

The GovGrant promise to our partners:

Filing guarantee – if a new client comes directly to us where you are acting as their accountant, we will offer you first refusal on the filing work.

Profitability – if one of your clients comes to us directly we will let you know and you will get rewarded for it.

Lock out – your top clients can be ring-fenced if you are currently doing their R&D tax credit, Patent Box or capital allowances work and we will not approach them.

Marketing – we will produce topical, relevant and insightful content that you can use in your client marketing.

Free health check – we offer a health check service where we will look at your current activity and recommend the best way to assist, if at all.

GovGrant – when and where you need us most

With each client you will look at their requirements and plan which resources are needed to deliver a great service. Whether it's based on skillset, experience or seniority you blend your team accordingly. We want you to consider **GovGrant** as a resource that you can bring to the table as and when required.

It's all about finding the right level of support to strengthen your team when it comes to delivering R&D tax credit, Patent Box and capital allowances reviews. We know your clients are your most valuable asset and having a single resource dealing with a number of specialist areas ensures continuity, comfort and simplicity.

It could be:

- **Partner** – a senior level support who would handle the process from start to finish
- **Director** – a flexible resource that can plug any gaps and act under your instruction
- **Associate** – a back-up resource to offer training, audit review or specific advice
