

Sales Agents – self employed – Job Specification

Role Description

GovGrant are looking for experienced professionals who have a solid network and can build a portfolio of business from their own connections.

Our products are most relevant to companies who are innovating, developing new products and continually improving their processes or products.

Industries can range from manufacturing, engineering, software and technology, AI, robotics, green energy, fintech, insuretech, MedTech.

This is a flexible sales role that can be a lifestyle role or a full time commitment.

About Us

GovGrant are one of the leading specialists when it comes to helping companies maximise the value of their innovations.

Through Research and Development Tax Credits, Patent Box and Intellectual property services, **GovGrant** works with innovative companies to maximise the benefit they receive through innovation tax incentives.

Even though the market is maturing for R&D, many companies still miss out on vital funding either by underclaiming or not making a claim at all.
